Feedback Form
Have we made a difference?

Here are a few things to think about when filling out the 'This is Me' feedback form.

This should be filled out by the child or young person wherever possible and should ALWAYS reflect their views. Some ideas of how to do this are below. There is also an adult version for parents and carers. This document is vital in ensuring we have made a difference to the child or young persons outcomes through their education, health and care plan. This will also support us in developing our services for the better for all our families.
