Portfolio: Public Health

### 1. **Decision**

To directly award a contract for the provision of COVID Marshals in school settings, for £572,672.

### 2. **Reasons for the decision**

HCC issued a contract to Kingdom Local Authority Support Ltd Contract for the provision of COVID marshals to provide a visible presence in local towns and community spaces across the county to support responses to the COVID-19 pandemic. The contract is underpinned by a separate collaboration agreement between six local authorities including HCC, clarifying the individual and collective responsibilities across all partners, and governance arrangements.

The existing contract term is 1 July 2021 to 31 January 2022 and has a one year extension with the Council's discretion. When it was let the original contract had a value of £2,038,200 but since then the supplier has been providing extra services that were previously unforeseen, including extending the community-based provision to East Herts District Council (£162,792), and extending the contract term for providing services in the community until 31st March 2022 (£481,400). The supplier has also been supporting the vaccination rollout in schools for a 11-week period the end of December 2021 (£272,701) and will be asked to extend this further to March 2022 (£299,971).

As a result of the changes the total price for the community service contract until end of March 2022 is £2,682,392. The additional support for schools, albeit provided earlier in the contracting period and (subject to approval for COMF funding by the Health Protection Board) to be extended to March 2022 has a value of £572, 672.

The original contract is being reviewed and revised, and will be split into two separate contracts, one for the provision of COVID marshals in community spaces, and the other to support the schools vaccination activity. Both contracts will run until the end of March 2022, and a new procurement process will enable new contracts for further work throughout 2022/23, subject to identified need and the availability of Government COVID funding beyond March 2022.

The community contract will effectively be the original contract modified to include the East Herts provision and the extension period, worth 2,682,392.

This decision is to award a new contract for the provision of support for schools, awarded directly under a Single Tender Action to Kingdom Local Authority Support Ltd, valued at £572,672.

### 3. **Alternative options considered and rejected <sup>2</sup>**
