### Privacy Statement – Safeguarding Adult Reviews

Hertfordshire Safeguarding Adults Board (the Data Controller) process personal data in order to comply with our statutory duties as identified in the Section 44 of the Care Act 2015 requires local safeguarding adult boards (SAB) to arrange a safeguarding adult review (SAR) when an adult in its area dies as a result of abuse or neglect, whether known or suspected, and there is concern that partner agencies could have worked more effectively to protect the person at risk. It places a duty on all Board members to contribute in undertaking the review, sharing information and applying the lessons learnt.

This may include contact details, medical information; education history and progress; ethnicity social care history; sexual life or orientation, religious or other beliefs and criminal convictions as necessary for adults in connection with SARs

The Board will share data with Hertfordshire County Council and other safeguarding partners, including the police and local health services as necessary.

This data is also obtained from the safeguarding partners as appropriate. We will retain the data for 35 years.

If you have a concern about the way the safeguarding Board processes personal data you have the right to complain to the ICO (Information Commissioner).
