

## Covid frequently asked questions for people with care and support needs and family carers

Care services remain open during the current Covid restrictions. Many local support groups continue to operate, but some support has reduced, and some support may take place over the telephone or by video call. If you need help, please ask. There are more details below on the best place to get advice and support.

Questions	Answer
<b>1. Will my home care carry on as usual?</b>	<p>Yes, if you or your care worker do not have any symptoms of Covid. If you have symptoms, book a test and tell your care worker straight away so that they can check you are safe and take steps to minimise the risk of transmission to others.</p> <p>To prevent the virus from spreading, follow <a href="#">government</a> and <a href="#">NHS advice</a>.</p>
<b>2. I am waiting for a social care assessment or review – will you still come?</b>	<p>We will contact you to let you know. We will be prioritising people who need the most support. We may arrange to carry out your assessment over the telephone or by video call.</p> <p>If you have symptoms of Covid (a high temperature, a new, continuous cough or loss or change to your sense of smell or taste) please let us know. If we do visit, we will wear personal protective equipment (PPE), ensure we maintain high standards of hygiene and keep a good distance from you.</p>
<b>3. Can my assessment take place over the phone?</b>	<p>Yes. If you are happy with this. We could also arrange a video call. We can do this through an app like Skype or WhatsApp.</p>
<b>4. I get care – who do I tell if I have Covid symptoms (a high temperature, a new continuous cough or loss or change to, your sense of smell or taste)?</b>	<p><a href="#">Book a test</a> and tell your care worker straight away so that they can check you are safe and take steps to minimise the risk of transmission to others.</p> <p>If you or someone else in your home has Covid symptoms, follow <a href="#">NHS advice and</a> use the <a href="#">NHS 111 online Covid service</a>. <a href="#">Self-isolate</a>, by staying at home and not socialising. Consider asking a friend, family member or a delivery service to carry out errands on your behalf, like dropping off food at your door.</p>
<b>5. How will it affect my care if I am self-isolating without symptoms?</b>	<p>Tell your care worker. Your care can continue as normal if no-one in the house is showing any symptoms of Covid. PPE will be worn, and normal good hygiene practices will be followed by you and your care worker.</p>

Questions	Answer
<p><b>6. How will it affect my care if I am self-isolating with symptoms?</b></p>	<p>If you have symptoms of Covid you can <a href="#">ask for a test</a> and you should let your care worker know so that they can check you are safe and take steps to minimise the risk of transmission to others. If you or someone else in your home has Covid symptoms, <a href="#">the NHS advises</a> that you <a href="#">self-isolate</a> by staying at home and not socialising. Consider asking a friend, family member or a delivery service to carry out errands on your behalf like dropping off food.</p> <p>If you need urgent assistance, please call us on <b>0300 123 4042</b>.</p>
<p><b>7. Someone I know needs to move into a care home, is that still possible?</b></p>	<p>Yes, many care homes are still accepting new residents although the process of moving in will be different at the moment to comply with Government guidance. If you are having difficulty finding a care home place and you need urgent assistance, please call us on <b>0300 123 4042</b>.</p>
<p><b>8. What are the rules about visiting a relative in a care home?</b></p>	<p>Care homes are following <a href="#">government guidance</a> on visiting.</p> <p>We are working with care providers and the <a href="#">Hertfordshire Care Providers' Association</a> to facilitate visits where Government guidance allows and to provide technology and training to support them with remote contacts.</p> <p>Please talk to the home about how they can best help you have contact with your loved one, a video call via WhatsApp, Skype or Facebook portal for example.</p> <p>People in care homes and their families should be involved as much as possible in planning and decisions about their health and care, including end of life care. Visits at the end of life are important both for the individual and their loved ones and should continue.</p>
<p><b>9. I want to stop care temporarily – will I get it back again?</b></p>	<p>Yes. Please talk to your care provider. Every effort will be made by care organisations and the Council to ensure services can be reinstated when things get back to normal.</p>
<p><b>10. How do I know a care worker is taking the correct precautions?</b></p>	<p>Care workers have been given strict guidelines to follow. You can see what support we are giving to care providers on our Hub at <a href="http://www.hcpa.info">www.hcpa.info</a>. There is also <a href="#">government guidance on providing home care</a> during Covid and on <a href="#">PPE for care workers delivering homecare</a>. Care workers will wear PPE, wash their hands when they arrive and leave and will keep a safe distance. Care workers that give personal care will have extra guidance. Please tell your care worker if you are self-isolating or are unwell.</p>

Questions	Answer
	<p>You should also tell your care worker if you have received a letter from your GP and you are classed as clinically extremely vulnerable.</p>
