Note not forming part of the Statutory Notice

This is an application for the map and statement that record details about public paths to be changed because it appears that a route is missing or that the statement does not fully legally define the path. No new rights are created by a definitive map and statement modification order. Users will not be entitled to use any route once the order is made that they are not currently entitled to use. This application is made in order to assist the County Council to meet the Countryside Agency's target to have all public paths fully legally defined. It is also made as the planning application TP/2005/0910 appeared to assume that the route was not public, and when approached the applicant failed to acknowledge public rights. The applicant (Dr Wadey) will be pleased to answer any questions you may have, or alternatively, contact the Hertfordshire County Council Definitive Map team on 01992 555999.
