

Hertfordshire County Council Countryside & Rights of Way Service Public Path Orders: Fees Sheet 2019

Below is a list estimating the fees that will be due to the County Council at each stage of the process. On average, a straightforward application will cost around £3,850 for HCC to process. However a complex application may cost over £6,400. Please note that the final cost will vary depending on the complexity of the application and the amount of time the County Council is required to spend on the application. These figures are correct as of April 2019 and will be reviewed every April. Applicants will be informed if the fees are increased.

Application stage

When the applicant first makes the application we will require a non-refundable fee of £260 to cover the costs involved with opening the file and meeting with a Rights of Way officer to discuss your proposal

Order-making stage

- An Order requiring one Order Plan, this will cost £345 (+VAT)
- A complex Order requiring more than one Order plan, this will cost £345 (+VAT) + £170 (+VAT) for each additional Order Plan

Consultation report stage

When you send us your Consultation Report you should send with it a cheque for £2,850. This should cover our costs for assessing the application and making the decision as to whether or not to make an order. This includes the price of £1,144 for advertising the order twice in the local newspaper. If our costs are greater than this you will be requested to submit an additional cheque.

Determination stage

At the Determination stage you will be asked for a cheque for the balance of our fees. We will let you know what these are after the order has been advertised, but they may be in the region of £950. There may need to be a fee of £649 if an additional (third) newspaper advertisement is required.

Confirmation stage

If we confirm the Order and following its advertising no application is made to the high court to challenge it, we can, if requested, supply permanent site notices for you to erect on site. Our fee will depend on the number and complexity of signs required, but is likely to be in the region of £85 (+VAT) per sign, plus a further £127 for our work in designing them.
