

## WHAT IS DOMESTIC ABUSE? AM I IN AN ABUSIVE RELATIONSHIP?

Domestic abuse is abusive behaviour from a spouse, partner or family member.

Abuse is used to make the other person fear the abuser and do what they want. It usually begins with small things but gets much worse...

Safer Places is an independent charity which provides a comprehensive range of services to men, women and children affected by domestic and sexual abuse who live in Essex, Southend unitary area, north and east Hertfordshire.

The people who use our services are at the heart of our organisation and we aim to work closely with them to enable them to overcome the impact of their experience and to build a brighter and safe future.

Domestic abuse and social isolation rob people of their confidence, self-esteem and their hope for the future. We work with the survivors of domestic abuse, to help them recover, to empower them, to rebuild their lives and to go on and achieve for themselves things they might once have thought of as impossible.
