

Contents

Section 1 - Information and General Guidance

- Chapter 1 Introduction, Standards and Informal Consultation
- Chapter 2 Areas of Responsibility and Contacts
- Chapter 3 National Policy
- Chapter 4 HCC Policy
- Chapter 5 Local Planning Authority Policy
- Chapter 6 Climate Change
- Chapter 7 Transport Assessments
- Chapter 8 Environmental Impact Assessment

Section 2 - Highway Layout

- Chapter 1 General
- Chapter 2 Local Character
- Chapter 3 Environment & Landscape
- Chapter 4 Design for Security
- Chapter 5 Design for Safety, Place & Movement
- Chapter 6 Design for Access
- Chapter 7 Design For Maintenance
- Chapter 8 Road Hierarchy
- Chapter 9 Permitted Road Connections & Frontage Access
- Chapter 10 Network Management
- Chapter 11 Structures
- Chapter 12 Lighting
- Chapter 13 Provision for Mains Services
- Chapter 14 Parking

Chapter 15 Naming and Numbering

Chapter 16 Rights of Way

Section 3 - Legal and Procedural Matters

Chapter 1 Legal Aspects

Chapter 2 Commuted Sums

Chapter 3 Financial Contributions

Chapter 4 Health & Safety

Chapter 5 Submission Documents

Chapter 6 Design Checks and Safety Audits

Chapter 7 Contractor Competence

Chapter 8 Construction and Construction Monitoring

Chapter 9 Completion and Transfer

Chapter 10 Traffic Regulation Orders

Chapter 11 Off-Site Highway Works

Chapter 12 Adoption of On-Site Roads

Section 4 – Design Standards and Advice

Chapter 1 Road Design Criteria

Chapter 2 Junctions

Chapter 3 Casualty Reduction and Safety Cameras

Chapter 4 Road Drainage

Chapter 5 Structures - Details

Chapter 6 Fences

Chapter 7 Road Restraint Systems (Vehicle and Pedestrian)

Chapter 8 Earthworks

Chapter 9 Vehicle Parking Facilities

Chapter 10 Passenger Transport Facilities

| | |
|------------|--|
| Chapter 11 | Pedestrian Facilities and Street Furniture |
| Chapter 12 | Cycling Facilities |
| Chapter 13 | Safer Routes to School |
| Chapter 14 | Traffic Calming and Road Features |
| Chapter 15 | Lighting -Detail |
| Chapter 16 | Traffic Signs and Road Markings |
| Chapter 17 | Traffic Signals |
| Chapter 18 | Intelligent Transport Systems |
| Chapter 19 | Traffic Regulation Orders - Detail |
| Chapter 20 | Landscape |

Section 5 - The Specification for Highway Work

| | |
|------------|---|
| Chapter 1 | General |
| Chapter 2 | Introduction (Series 000) |
| Chapter 3 | Preliminaries (Series 100) |
| Chapter 4 | Site Clearance (Series 200) |
| Chapter 5 | Road Restraint Systems (Vehicle and Pedestrian) (Series 400) |
| Chapter 6 | Drainage & Service Ducts (Series 500) |
| Chapter 7 | Earthworks (Series 600) |
| Chapter 8 | Road pavements – General (Series 700) |
| Chapter 9 | Kerbs, Footways and Paved Areas (Series 1100) |
| Chapter 10 | Traffic Signs & Road Markings Series 1200) |
| Chapter 11 | Road Lighting Columns and Brackets (Series 1300) |
| Chapter 12 | Electrical Work for Road Lighting and Traffic Signs (Series 1400) |
| Chapter 13 | Protection of Steelwork against Corrosion (Series 1900) |
| Chapter 14 | Landscape and Ecology (Series 3000) |
