September 2017

Dear Colleague

## TRAVEL SCHOLARSHIPS

I should be grateful if you would draw the attention of your staff and students to the attached notice, adding the name of your contact person in the box provided.

A considerable number of Hertfordshire students have, over the years, found the scholarships very useful in enabling them to undertake interesting courses and other educational activities abroad. Since 2009, more than 75 applicants have received travel scholarships to enable them to travel to different locations such as Kenya, India, Israel, Jordan, Fiji, South Africa, Malaysia, Peru, Borneo, Venezuela, Norway, Canada, America, Ghana, Thailand and Kilimanjaro.

We are aware that the size of the awards offered is modest in today's terms, but we do hope that students will continue to find the scholarships helpful.

It would be appreciated if completed application forms and all relevant documentation could be forwarded at least eight weeks before the proposed date of travel. I am sorry that we are unable to consider any application which is not received fully completed at least six weeks before the proposed date of travel.

Yours sincerely

Peter Jackson
