What are we doing?

The Disabled Children’s Service and the Transition Team in Adults Services are coming together to become a new service.

This new service will be called 0-25 Together.

Why are we doing it?

We have listened to families and young people and they have told us that as you get older it is harder to get the service you need.
We have made these changes because we want to make it easier for you to get the services you need as you get older.

Working together we can make the best use of the money that the government gives us to do that.
